

AEROFIT

vs. OTHER CNC/APC TECHNOLOGY

OPTIMIZING N95 FIT TESTING WITH EASE OF USE, PRECISION, AND INTUITIVE DESIGN

Experience the latest innovation in respirator fit testing with AeroFit, a cutting-edge quantitative CNC fit testing device engineered for precision and ease. AeroFit accommodates all respirators, including N95 respirators.

	AeroFit	Other CNC/APC Tech
Test Result	Numerical measure: Fit Factor (Objective)	Numerical Feature: Fit Factor (Objective)
No Specific Fit Testing Environment Required	✗	✗
Consumable Free Fit Testing	✗	✗
Optional Battery Power	✓	✗
Color Touch Screen	✓	✗
Unlimited Fit Testing Data Storage	✓	✗
Preloaded Respirator Lists	✓	✗
Automated Daily Verification	✓	✗
Particle Generation Management	✓	✗
Silent Operation	✓	✗
Fit Testing Time	2.5 Minutes	2.5 Minutes
Cloud-Based Software	✓	✗
Suitable for Full-Face Respirators Requiring >100 Fit Factor	✓	✓
Suitable for Half-Face Respirators	✓	✓
Suitable for Disposable Respirators	✓	✓
Can Operate in The Same Database with Different Fit Testing Technologies	✓	✗

YOUR PROTECTION. OUR PRIORITY.
